VISITORS' CENTRE

VISITORS' CENTRE

Littke Palace, the European brand, was established in order to continue the history of Hungary's oldest quality sparkling wine -not losing sight of its roots in traditional quality sparkling wine manufacturing dating back more than hundred years- to meet the latest demands of the place and age via its products and services offered, all representing the exquisite quality and elegance the Littke quality sparkling wine and Littke family mean.

The Littke Visitors' Center opened its gates in 2018 providing high quality services to meet the latest European standards such as the conference hall, the event or function room -where wine tasting is available led by a sommelier-, the 2 km-long cellar visitation tour as well as the specialized shop to introduce the complete range of Littke products (quality sparkling wine and wine).

The hall represents the most important characteristic of Littke Palace, its stylish elegance. On 600m² with a clear height of 5 meters, nesting a capacity of 300 seats it is dedicated to minimal design in high class quality.

The wine tasting room is a suitable venue for greater business meetings, while the boarding rooms provide a perfect location for discussions either before or after business events.

Definitely, the wine tasting is available in several format, from the single-glass, through a three-, five-, or even seven-glass tasting, the latter combined with a cold platter dinner and regarded as "a full-day" programme.

The most popular attraction of the Visitors' Centre is the 2 km-long cellar system under the building complex. Guided tours are organized for our guests available in major European languages.

Since quality sparkling wine and wine remained the major products of the Littke Pezsgő Ltd, a specialized shop was set up within the facility to offer the complete range of products.

WINE TASTING

Wine Tasting is a tradition at Littke Palace Visitors Centre. Due to the capabilities of and conditions at the Visitors Centre, the programme is rather an initiation to the world of Littke Palace through the premium quality range of wines and sparkling wines not closely related to a specific room. The tasting can be arranged in the conference centre or in the event room, moreover, it is very popular to combine it with a cellar visitation. During the guided tour there is a possibility to roam around the two-kilometre long cellar network while enjoying the peace and quiet of the underground tunnels, and footprints of history.

Definitely, the wine tasting is available in several format, from the single-glass, through a three-, five-, or even seven-glass tasting, the latter combined with a cold platter dinner and regarded as "a full-day" programme.

According to demand the tasting is conducted by a sommelier who is ready to relate everything and even beyond about the nectars.

- Premium quality quality-sparkling wines and wines of Littke
- The wines and semi-sparkling wines of Cezar Winery
- Wine tasting combined with cellar visitation
- 1-3-glass wine tasting
- 5-7-glass wine tasting with cold platter dinner

VISITORS' CENTRE

CELLAR VISITATION

With all the guests no matter whether from Pécs, Hungary, or abroad, one of the most popular attraction in the Littke Palace Visitors Centre (besides conferences) is the cellar visitation. The network of the cellar system is unique in Hungary as it is one of the longest complete cellar system. Its peculiarity is the standard temperature of 14 Celsius degrees throughout the year, thus during the summer it provides a wonderful refreshment.

The system of cellars stretching beneath the surface on 5 levels, so we may reach 5 different depths during our walk. At level 4 we find the longest branch which consists of a one-kilometre long corridor to the west and another kilometre to the south. There are shorter, but very exciting branches in all different directions in the “underground city”. One of them hides a huge barrel with a capacity of more than 200 hl, the other nests several thousand empty bottles, while the third has a calm and quiet atmosphere to ease its visitors. The main routes of the cellar are so vast and wide that even carts and coaches could travel under the ground. During the tour there is a possibility for tasting – with a choice for 1-3-5 and 7 glasses- from a wide range of traditional wines and quality sparkling wines amongst which one can find the oldest premium quality sparkling wine of Hungary, the renowned Littke pezsgő, currently produced in the framework of a manufacture, as well as, the wines by Littke.

- Cellar visitation -available throughout the year
- Wine tasting during the tour
- 5-7 glass tasting -with cold platter
- Guided tour of the 2-km cellar system network
- 60-minute long visitation
- Standard 14 Celsius degree temperature throughout the year
- 5 levels under the ground
- Family programme
- Team building combined with a wine tasting programme
- Guided tours available in foreign languages: English, German, Spanish, Italian, French and Swedish
